## EDUCATION

### B.E in Information Technology

NBN Sinhgad School of Engineering

2023 | Pune

**CGPA-8.48**

### HSC 12th

Sinhgad College of Science, Commerce & Arts

2019 | Pune

Percentage- 66.67%

### SSC 10th

Abhinav English Medium School, Ambegaon(bk)

2017 | Pune

Percentage- 80.80%

Highly motivated and dedicated professional seeking a challenging position in the technology field, leveraging my passion for continuous learning, strong work ethic, and problem-solving abilities to contribute to the success of an innovative company.

## PROJECTS

### Phishing Website Detection Using Machine Learning

Contributed in coding and fine-tuning machine learning algorithms (SVM, Naive Bayes, and Random Forest) for a cutting-edge phishing website detection app. Expertly implemented TF-IDF vectorization for feature extraction, resulting in an exceptional accuracy rate of 98%. Translated project concepts into efficient, high-impact code, enhancing online security by proactively identifying malicious online domains.

## SKILLS

Python

Machine Learning

Deep Learning

Data Science

## LANGUAGES

English

Hindi
